

Brisk Trading finishes the year at Cavan Horse & Pony Sales

The 2017 sales year has just finished at Cavan Horse & Pony Sales and it's very encouraging to see the market making a definite improvement and a positive sign for the future.

Performance Horse & Pony Sales

A busy two days of trading at the Performance Horse & Pony Sale saw regular buyers and new clients flock to Cavan to help bring the average price up on 2016 with buoyant trade and some of the best returns of the season. This included purchasers from as far away as Sweden, Belgium and Slovenia, Scotland and Wales with a large section of buyers from England and closer to home - all over Ireland. There was active bidding on many lots on offer and trade proved extremely strong for horses and ponies of all ages and disciplines.

National Registered Irish Draught Sale

It was bitterly cold for the last sale day of the year in Cavan - but there were plenty of buyers and a definite increase in the average price and percentage sold compared to previous years. The majority of lots on offer on the day - (99 lots in total compared to 57 in 2016) - were foals dating from mid March to early July. Top priced among these was Lot No 459, a late April colt foal by Gortfree Hero out of the Crannagh Hero mare Inisfree Holly Hero which sold for €2000.

Top price on the day went to Cloonacauneen Super Star €4,600

A four year old Class 1 grey mare by Fintan Himself out of Cloonacauneen Lisa by Shenandoah Prince Holly.

There still appears to still be a strong demand for quality athletic Irish Draughts.
